Lab sheet 07 – Bootstrap

Question No 01.

Design a professional-looking form using Bootstrap that includes fields for "Name," "Email," "Password," "Gender," "Country," a "Terms & Conditions" checkbox, and a "Submit" button.

Create the basic HTML structure with the form layout.

- Create a new file called form.html.
- Use Bootstrap's grid system to center the form and make it responsive.
- Inside the `<body>` tag, add a Bootstrap container to hold the form.
- Add input fields for "Name," "Email," and "Password," a dropdown for "Gender" and "Country," a checkbox for "Terms and Conditions," and a submit button.
- Add form elements using Bootstrap's form control classes.
- Ensure that Bootstrap's JavaScript is linked for full functionality.
- Add the following Bootstrap JavaScript CDN links before the closing `</body>` tag:

A screenshot of a Bootstrap form layout. It is a vertical stack of form elements within a light gray rounded rectangle. The elements are: a text input for "Name" with placeholder "Enter your name"; a text input for "Email" with placeholder "Enter your email"; a text input for "Password" with placeholder "Enter your password"; a dropdown menu for "Gender" with "Male" selected; a dropdown menu for "Country" with "USA" selected; a checkbox labeled "I agree to the Terms and Conditions"; and a blue "Submit" button at the bottom.

Question No 02.

Create a basic HTML file for a portfolio website.

- Create an index.html file.
- Link Bootstrap to your project using the CDN.

```
<!-- Bootstrap CSS -->
<link rel="stylesheet" href="https://maxcdn.bootstrapcdn.com/bootstrap/4.5.2/css/bootstrap.min.css">
<!-- Bootstrap JS, Popper.js, and jQuery -->
<script src="https://ajax.googleapis.com/ajax/libs/jquery/3.5.1/jquery.min.js"></script>
<script src="https://cdnjs.cloudflare.com/ajax/libs/popper.js/1.16.0/umd/popper.min.js"></script>
<script src="https://maxcdn.bootstrapcdn.com/bootstrap/4.5.2/js/bootstrap.min.js"></script>
```

- Create a responsive navigation bar that will contain links for "Home", "About", "Portfolio", and "Contact".
- Add a large section with an image background and a brief introduction about you, using Bootstrap.
- Use Bootstrap's grid system to create a 3-column layout for the portfolio gallery.
- Create a contact form using Bootstrap's form classes.
- Add a footer section with copyright information.
